

Golli service connects suppliers and retailers

Golli is an easy-to-use and cost-effective cloud service for manufacturers and suppliers to handle and despatch orders from retailers.

The service creates pallet markings and the delivery notifications required by the trade automatically, which reduces the amount of paper work and human error.

Benefits for suppliers

- One way to handle all main Finnish FMCG-retailers
- Golli is easy-to-use web service. There is no need for special IT requirements or point-to-point EDI-connections
- The service takes care of using GS1 standards automatically (logistic labels, SSCC, EDI messages)
- The monthly fee for the use is fixed and reasonable (900€/year)
- An efficient digital process makes it easy to trade with the Finnish retailers

Requirements

- Computer with an internet access
- GS1-company prefix
- Printer for pallet labels
